We're launching the first-ever SmartSimple Client Excellence Awards!

SmartSimple is recognizing the members of our global community who truly stand out. These are people who go the extra mile, roll up their sleeves, and use SmartSimple to make a difference to their organizations and communities. These are the amazing people who actively take part in product development, suggest unique ideas for great new features and functionality, making our platform the superior solution it is today.

With 4 awards up for grabs, nominations for finalists were nominated through a rigorous, company-wide poll that celebrates clients who have been champions of the SmartSimple platform - from showing exemplary initiative in mastering their configuration to motivating their own teams to excel with SmartSimple.

Winners will be announced at the Client Excellence Awards Luncheon happening at Elevate 2018 in Nashville this October.

Congratulations to the 2018 Finalists!

Technical Genius Award

The winner of this award has the technical prowess with the SmartSimple platform that amazes even us! A beyond exceptional performer who has shown the remarkable ability to not just manage their system, but perform intricate configurations like they were born to do it. In fact, we're so impressed by this individual, we absolutely must share their awesomeness with the entire SmartSimple community.

True Grit Award

This client may not be an organization's official system admin, but they've taken the leap, jumping into SmartSimple with both feet and a ton of enthusiasm. Regardless of their insistence that they're not a techie, they've become the master of their own system, configuring with such panache that they've become known as the SmartSimple genius of the organization.
